SUMMARY

Results-oriented iOS developer with 1.5+ years of hands-on experience building scalable mobile applications. Specialized in developing robust UIs with Swift/UIKit and implementing Firebase backend solutions (Auth, Firestore). Proven ability to deliver effective features while collaborating in team environments. Passionate about solving complex technical challenges through systematic debugging and optimization.

PROFESSIONAL EXPERIENCE

Software Engineer L1 – iOS

Aug 2024 – Present

Associate iOS Developer

Jan 2024 – Jul 2024

Lytblb Studio Pvt Ltd, Lucknow, India

- Completed 6-month training as Associate iOS Developer, leading to promotion to Software Engineer L1.
- Built responsive UIs using **UIKit** and programmatic **Auto Layout** for all iOS devices.
- Applied **Firebase Authentication** (Email/Password) and integrated **Firestore** with offline support.
- Integrated and configured **Google AdMob** for banners and interstitial ads.
- Managed third-party libraries using **CocoaPods**.
- Participated in hybrid iOS-**Flutter** build management and integration.
- Performed advanced debugging using **breakpoints** and solved complex UI-level issues.
- Utilized **SQLite** for local persistent data storage.

iOS Application Developer (Training)

Sep 2022 - Dec 2023

Rlogixx - Software Solution, Lucknow

- Successfully completed iOS development training with active involvement in live projects.
- Contributed to real-time app development tasks and collaborated with the team on project deliveries.

TECHNICAL SKILLS

Core Development

Languages: Swift
Frameworks: UIKit, SwiftUI (Basic)
Tools: Xcode, GitHub, CocoaPods
Hands-on: Storyboards, Auto Layout
Proficient: Swift, UIKit, Xcode, Git

Backend Integration

Implemented: Firebase Auth, Firestore
Basic Experience: REST APIs, JSON Parsing
Problem-Solving: Debugging, Testing

CERTIFICATIONS

- Advanced Swift and iOS App Development (Rlogixx)
- Swift Programming (Cutshort)
- JavaScript Basic (Udemy)
- Python (IIT Kanpur)
- Python (CodeGrip)

EDUCATION

B.Tech in Information Technology

2020 - 2024

Dr. A.P.J. Abdul Kalam Technical University, Lucknow
CGPA: 8.2/10.0

PROJECTS

MindWellness (Training)

- Firebase integration (Login , SignUp).
- MapKit integration for location-based sessions.
- Complex UI Designing.

English Learning App (College Project)

- Interactive educational app for children.
- Good and effective UI design.
- Mathematical Calculation.
- Point System.

Specialized UI Components

- Prototyped custom UI elements including:
 - Nested collection views in table cells
 - Swipeable card stacks using Koloda
- Optimized scroll performance for complex view hierarchies

INTERESTS

- Traveling
- iOS Development Trends (SwiftUI, ARKit)
- Exploring new technology
- Reading Books
